FOR IMMEDIATE RELEASE

***EXCLUSIVE: SUCCESSFUL, ATTRACTIVE BACHELORS REVEAL WHY THEY DON'T MARRY***

You go out to dinner with your friends for a nice meal or off to see the newest Hollywood movie. Amidst all the laughter and conversation it appears that something is strange. Something is out of place – something is wrong. Whether it's a couple feeding one another over the dinner table or nestling in each other's arms, you notice that things aren't as they should be. Suddenly, the realization hits – you're all alone.

In ***SO WHY HAVE YOU NEVER BEEN MARRIED? – Ten Insights into Why He Hasn't Married***, by Carl Weisman M.S.(New Horizon Press, May 2008), provides one-on-one interviews and hard hitting surveys with forty something men who have not been married. Weisman journeys to find the true reason why some men fear marriage or simply choose not to be involved in it. Is it really just a matter of not finding “the right one” or something deeper?

Weisman conducted an online survey for which there were 1, 533 respondents. A few of the things Weisman finds from his survey concluded that many unmarried men search for their soul mates, are neither afraid of marriage or divorce, but do fear marrying the wrong person.

***SO WHY HAVE YOU NEVER BEEN MARRIED? – Ten Insights into Why He Hasn't Married*** by Carl Weisman (New Horizon Press, May 2008) gives an inside look into the minds

of single men. To many women the world of bachelorism may seem complex and difficult to understand; but it no longer has to be. Not only will this book allow unmarried men to open their subconscious thoughts, but gives women the essential guide to turn to when they ask “Why won’t he marry me?”

Carl Weisman carefully and successfully examines and focuses on many areas of men postponing marriage. What is it that these men are waiting for? Why is it taking so long? Where are these men planning to find their “perfect match?” Why have you never been married? In Carl Weisman’s book, the answers will be revealed.

### **About the Author**

**Carl Weisman** got his Bachelor of Science from Pennsylvania State University. Weisman also has a Masters in Science from the University of Southern California and a Masters in Business Administration from Loyola Marymount University in addition to, as he jokingly says, “a PhD in avoiding marriage.” He is the author of “The Essential Guide to RF and Wireless” (Prentice Hall, 2000) currently in its second printing and has become the industry’s standard text. He lives in Redondo Beach, CA and can be contacted through his website [www.CarlWeisman.com](http://www.CarlWeisman.com).
